I have received our order. They all fit beautifully! Thank you for helping us to look so great for my brothers wedding day! The customer service and all of you on the Welsh Tartan team were amazing to do business with! We are most definitely very pleased with the entire process. David Pugh (Louisiana, USA)

Thanks for the top quality service. I'm really happy with my Regalia and was almost worried I looked better than my bride. The delivery service to Germany worked well without complication. Keep up the good work.

Richard Griffiths (Germany)

Thank so much for putting this Davies Tartan Regalia together in such a short time and all with only email dialogue. The outfit was a hit. Superb service and superb quality. Very happy to highly recommend the team over there.
